PERSONNEL BULLETIN NO. 07-03

Subject: Wildland Fire Program Standardized Position Description (PD) Amendments

- 1. Purpose.** This bulletin distributes an amended group of Department of the Interior (DOI) standardized wildland fire position descriptions (PDs) that were originally established under Personnel Bulletin No. 05-01 dated November 30, 2004. These PDs have been amended by the Interagency Fire Implementation Team (IFPM) to reflect necessary changes and to ensure consistency in implementation throughout the fire community. This bulletin supplements Personnel Bulletin No. 05-01.
- 2. Background.** Personnel Bulletin No. 05-01 distributed the final group of DOI standardized wildland fire PDs established by the National Wildland Fire Plan Human Resources Advisory Group (HRAG). These standardized PDs were developed to assist efforts to strategically address human capital management issues related to recruitment, training, development, and retention of wildland firefighter personnel.
- 3. Policy.** Effective immediately, bureaus must use the amended position descriptions and standardized PD numbering system for all applicable wildland fire positions for both permanent and temporary appointments. The table below identifies the standardized PDs which have been amended followed by a description of the amendments.
