
**INTERAGENCY FIRE PROGRAM MANAGEMENT
QUALIFICATIONS STANDARDS AND GUIDE**

**COMPETENCY RECORD FOR
GEOGRAPHIC FIRE PROGRAM MANAGER**

COMPETENCY RECORD ASSIGNED TO:
(Individual's Name, Duty Station and Phone Number)
COMPETENCY RECORD INITIATED BY:
(Official's Name, Title, Duty Station and Phone Number)
Location and Date Competency Record was Initiated

This competency record contains both common and position-specific competencies for the identified position. Employees will have three (3) years from the date Minimum Qualification Standards are met to meet these competencies.

EVALUATOR RECORD

#	Name	Title	Office/Unit	Phone
1				
2				
3				
4				
5				

CERTIFICATION RECORD

Do not complete this section until the employee has met all the competencies for their position.

I certify that _____ has met all the competencies for this position.

**Certifying Official's Signature and Date
(Unit Fire Program Manager or Agency Administrator)**

Certifying Official's Name, Title, Office/Unit, and Phone Number

INCIDENT QUALIFICATIONS AND CERTIFICATION SYSTEM (IQCS)

This competency record was entered into IQCS on: _____ by _____

INTERAGENCY FIRE PROGRAM MANAGEMENT QUALIFICATIONS STANDARDS AND GUIDE COMPETENCY RECORD

All employees working in one of the 14 Key Fire Program Management Positions identified in the Interagency Fire Program Management Qualifications Standards and Guide (IFPM Standard) must meet the **common** and **position-specific** competencies for their position.

Employees can obtain the common competencies through personal education and experiences, through agency orientation and mission renewal programs, and through interaction with peers, teams, and supervisors. Position-specific competencies can be obtained through a variety of mechanisms including but not limited to; training, on-the-job experience, details, special assignments, and mentoring.

The common competencies are intended to supplement the position-specific competencies. This task book contains both common and position-specific competencies for the identified position.

Employees will have three (3) years from the date Minimum Qualification Standards are met to meet these competencies. Use of this competency tracking tool is not required but use will provide documentation for the employee and supervisor in tracking competency attainment.

RESPONSIBILITIES

The **Supervisor** is responsible for:

- Understanding the Interagency Fire Program Management Qualifications Standards and Guide.
- Initiating the position competency taskbook.
- Explaining to the employee the purpose and process of the competency taskbook as well as the employee's responsibilities.
- Incorporating competencies into the employees Individual Development Plan (IDP).
- Tracking progress of the employee.
- Confirming competency taskbook completion.
- Entry of position competency attainment in Incident Qualifications and Certification System (IQCS).
- Distribution of IFPM completion report to human resources and employee.

The **Employee** is responsible for:

- Reviewing and understanding the instructions in the competency taskbook.
- Identifying current and future career goals with their supervisor.
- Completion of all competencies for their position within three years.

The **Evaluator** is responsible for:

- Understanding of the Interagency Fire Program Management Qualifications Standards and Guide.
- Ensuring they are fully proficient in the competencies they are evaluating.

COMPETENCIES

Competencies constitute the requisite knowledge, skills and abilities which, when acquired, allow a person to perform a task or function at a defined level of proficiency.

EXPERTISE LEVELS DEFINITIONS

Competencies are described in terms of three “Expertise Levels” (working, journey, and expert). The appropriate level of expertise for that particular competency is indicated under the relevant level of program complexity. If there is no associated complexity level for a particular position, the expert level is recommended for each of the competencies.

"Program Complexity Levels" refers to those determined from the complexity analysis process. Some positions do not vary in the expertise levels of competencies, regardless of the complexity of the program to which they are assigned. Others have only a minimum level of competency expertise defined, recognizing that there is too wide a variety of programs within and between agencies to define all situations. The remainder, have either two or three levels of competency expertise, based on their unit's program complexity.

WORKING – W: The minimum level of experience and/or training that it takes to produce work of acceptable quality.

JOURNEY – J: Has sufficient experience to be considered a seasoned employee. Is skilled in performing the more difficult tasks related to the function. Has received advanced training in the function.

EXPERT – E: Reflects the quality of experience and/or training needed to perform the most challenging aspects of the position.

Example of Expertise and Complexity Levels

Competencies	Program Complexity			Working Level		Journey Level		Expert Level	
	L	M	H	Evaluator	How Obtained	Evaluator	How Obtained	Evaluator	How Obtained
Knowledge of processes and sources of training.	W	J	J						

In this example, a “W” Working level of expertise is required in a Low complexity fire program; a “J” Journey level of expertise is required in both Moderate and High complexity fire programs.

The “Competency Descriptors” may be used in a variety of ways:

- Constructing employee Individual Development Plans (IDPs)
- Evaluating employee performance, supplementing the “Standard Key Performance Elements”

More information on competencies can be found in the IFPM Standard or on-line at: <http://ifpm.nifc.gov>

POSITION-SPECIFIC COMPETENCY DESCRIPTORS FOR GEOGRAPHIC AREA FIRE PROGRAM MANAGER

Geographic Area Fire Program Manager Position Descriptor

A Geographic Area Fire Program Manager provides fire management policy, guidance, and oversight to the units for the protection and enhancement of the wildland environment. A geographic area fire program manager oversees the integration of fire-related environmental, social, political, economic and technological information into land management activities to meet desired geographic area (hereafter referred to as "area") and units within the geographic area (hereafter referred to as "units") objectives. The manager initiates most actions based upon his/her experience in and knowledge of the functional and programmatic responsibilities. The supervisor provides direction in terms of broad mission objectives concerning major policies and administrative matters.

I. Program Management

Description

This element identifies the knowledge, skills and abilities required for providing leadership and coordination in all facets of the fire management program, including policy development, policy compliance, budget oversight and development, personnel management, interagency relations, and monitoring and evaluation of mission accomplishment.

Outline

A. Develop, implement and evaluate programs in support of mission accomplishments.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of the Office of Personnel Management's Executive Core Qualifications (ECQ 1-5) and associated Leadership Competencies, including "Leading Change," "Leading People," Results Driven," Business Acumen," and "Building Coalitions/Communications."	J		

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of natural resource management concepts, principles, and practices applicable to the full range of duties associated with fire management.	J		
Knowledge of the integration of related fields, such as: forestry, range, recreation, wildlife, soil, air, water.	J		
Knowledge of the ecological response to the presence or absence of fire in a variety of area/regional ecosystems, and social and political climates.	J		
Knowledge of fire protection, fuels management and fire use techniques, methods and procedures.	J		
Knowledge of fire-related computer application programs, existing fire research information databases, and applications.	J		
Knowledge of program monitoring and evaluation processes and procedures.	J		
Knowledge of reporting requirements and procedures.	J		
Ability to identify and define fire-related management issues, resolve these issues with available research, and make recommendations.	E		

Competencies	Expertise Level	Evaluator	How Obtained
Ability to predict and interpret ecological effects of fire or its absence and anticipate social and political responses.	J		
Ability to apply sound fire management principles and practices on a programmatic basis in a variety of ecosystems and social and political climates.	E		
Ability to apply corrective actions to increase efficiencies and effectiveness.	J		
Ability to monitor and evaluate fire management program elements for a variety of units and determine their effectiveness in meeting area management goals and objectives to emphasize program accountability.	J		

B. Develop, implement and evaluate fire management budgets.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of agency and interagency fire business management practices and procedures.	J		

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of agency budgetary process, financial regulations, policies and guidelines.	J		
Knowledge of agency financial management systems, contracting, procurement, and payroll.	J		
Ability to develop, implement and monitor area fire management budgets, and monitor and oversee unit budgets.	J		

C. Develop and maintain interagency partnerships.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of national cooperative programs such as Cooperative Forest Fire Protection and Federal Excess Property Procurement.	J		
Knowledge of organization and function of cooperating interagency fire organizations, such as the National Wildfire Coordinating Group, National Multi-agency Coordinating Group, geographic area coordinating groups, and state, tribal, and local groups.	J		

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of tribal self-determination (contracts) and self-governance (compacts).	W		
Skill in developing Cooperative Agreements, Memoranda of Understanding, and Memoranda of Agreement.	J		
Skill in developing geographic area interagency charters, policies, programs and procedures.	J		
Ability to interact as a fully-functional member of external and internal teams.	E		

D. Identify research needs and apply new technologies.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of research processes (issue identification, prospectus, funding, oversight, etc.).	J		
Ability to apply technology in fire management activities.	J		
Ability to identify and clarify issues and develop research recommendations if needed.	J		

E. Communicate program processes, goals, and implementation procedures to a variety of audiences.

Competencies	Expertise Level	Evaluator	How Obtained
---------------------	------------------------	------------------	---------------------

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of media needs and procedures as related to fire program management.	J		
Ability to effectively interact with the public and media.	J		
Ability to articulate programs in understandable terms to geographic area and national audiences.	J		

II. Program Planning

Description

This element identifies the knowledge, skills and abilities required for land and fire management planning processes, for purposes of providing assistance and review.

- Unit-level land management plans
- Unit-level fire management plans
- Annual Operating Plans - these plans could include prevention, public and media contacts, preparedness, emergency equipment rental agreements, mobilization, Memoranda of Understanding and Cooperative Agreements, etc.
- Project plans - these plans could include prescribed fire and appropriate management response fire plans, other fuels modification plans, project level aviation plans, etc.

Outline

A. Coordinate and implement agency and interagency interdisciplinary planning processes.

Competencies	Expertise Level	Evaluator	How Obtained
Skill in providing leadership and direction at the geographic area level in the interdisciplinary planning process.	J		

Competencies	Expertise Level	Evaluator	How Obtained
Ability to incorporate agency priorities into the interagency planning process.	J		

B. Ensure plans comply with environmental laws, regulations and policies.

Competencies	Expertise Level	Evaluator	How Obtained
Ability to apply knowledge of environmental, technical, and social consequences to proposed decisions and actions.	J		

C. Ensure plans comply with agency enabling laws, regulations and policies.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of agency-specific policies sufficient to participate in the development of land use plans and operational plans.	J		

D. Review individual plans and components and coordinate integration into area agency and interagency plans.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of planning processes.	J		
Skill in defining the full range of acceptable management strategies based on bureau policies.	E		

Competencies	Expertise Level	Evaluator	How Obtained
Skill in overseeing the preparation of area and unit plans following agency manuals and handbooks.	J		

III. Operations

Description

This element identifies the knowledge, skills and abilities required to manage operational program components to achieve land management objectives established for the area. Operational components include preparedness, wildland fire, prevention, fuels and prescribed fire, aviation, and rehabilitation.

Outline

A. Provide oversight and monitor unit preparedness programs to include:

1. Detection
2. Preparedness
3. Agreements
4. Fire danger/behavior predictions
5. Severity requests
6. Mobilization

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of current fire weather, fire danger and fire behavior prediction systems, and their interpretation.	J		
Knowledge of local, regional and national dispatch and coordination systems and procedures, including preparedness levels.	E		

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of cache management and accountability procedures.	J		
Skill in developing and updating pre-season agreements necessary to ensure adequate resources are available during periods of potential use.	J		
Skill in initiating severity action on an interagency basis for the area.	J		
Skill in coordinating and implementing efficient and effective area detection programs.	J		
Ability to ensure implementation of pre-season preparedness activities as identified in unit annual operating plans.	J		
Ability to coordinate staffing and preparedness plans based on prediction outputs on an interagency basis.	J		
Ability to ensure appropriate readiness reviews are performed and corrective actions are initiated.	J		
Ability to recognize conditions which warrant severity requests.	J		

Competencies	Expertise Level	Evaluator	How Obtained
Ability to provide oversight to area fire coordination operations.	J		

B. Provide oversight to wildland fire response programs to include, but not limited to:

1. Strategy and tactics
2. Incident management
3. Emergency rehabilitation
4. Logistics/support
5. Priority setting and coordination
6. Reporting

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of wildland/urban interface fire suppression strategies and tactics.	J		
Knowledge of the full range of wildland fire appropriate management responses.	J		
Knowledge of fire suppression/prescribed fire tools and equipment.	J		
Knowledge of procedures used in providing direction to incident commanders, including, but not limited to, development of incident objectives, Delegation of Authority, interaction, evaluation, and close-out/critique.	E		

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of agency emergency rehabilitation policies, procedures and techniques.	J		
Knowledge of fire behavior, fire danger and fire weather.	J		
Knowledge of agency and interagency mobilization and logistical support policies and procedures.	J		
Skill in applying and evaluating the Incident Command System component of the National Interagency Incident Management System.	J		
Skill in developing Wildland Fire Situation Analyses (WFSAs).	J		
Skill in implementing the full range of appropriate management responses.	J		
Skill in setting area priorities among multiple incidents and allocating resources.	J		
Skill in developing area training processes, and in coordinating training on an area-wide agency and interagency basis.	J		

Competencies	Expertise Level	Evaluator	How Obtained
Skill in evaluating performance of area fire program management units, with an emphasis on accountability.	E		
Skill in implementing interagency and agency qualification and certification standards and procedures, via the National Wildfire Coordinating Group (NWCG) process.	J		
Ability to ensure that all reports and records are properly completed and maintained.	J		
Ability to ensure implementation of emergency rehabilitation measures, as appropriate.	J		
Ability to support the selected strategy of one or more incidents through transitions to higher or lower levels of management.	J		
Ability to recruit, manage, and evaluate Type 1 and 2 Incident Management Teams.	J		

C. Oversee and coordinate implementation of prevention programs.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of appropriate prevention program processes and procedures.	J		
Skill in overseeing the implementation of mitigation measures to reduce risks identified in an approved fire prevention plan.	J		
Skill in coordinating interagency prevention programs.	J		

D. Oversee fuels and prescribed fire programs to include, but not limited to:

1. Fuels management
2. Prescribed fire activities
3. Priority setting/coordination
4. Logistics/support
5. Reporting

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of fuels management and prescribed fire policies, practices and procedures.	J		
Knowledge of fire weather, fire behavior and fire danger.	J		
Knowledge of fire suppression/prescribed fire tools and equipment.	J		

Competencies	Expertise Level	Evaluator	How Obtained
Skill in coordinating required logistical support to one or more concurrent projects on multiple units.	J		
Ability to ensure that all reports and records are properly completed and maintained.	J		
Ability to oversee the implementation of approved fuels management and prescribed fire plans.	J		
Ability to set priorities between multiple projects and allocate resources.	J		

E. Provide area oversight to smoke management planning and analysis.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge and understanding of various smoke management regulations including federal, state, tribal, and local and agency specific.	J		
Knowledge related to weather and fire behavior and resultant smoke conditions.	J		
Knowledge of smoke modeling processes.	W		

F. Provide oversight to area and unit fire effects monitoring and analysis.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of fire effects as related to fuel manipulation and prescribed fire.	J		

G. Oversee fire aviation programs or operations as appropriate including, but not limited to:

1. Tactical application of aircraft
2. Aviation safety management
3. Administration

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of capabilities, limitations and approved safety standards and operating procedures of commonly used fixed and rotary-wing aircraft.	J		
Knowledge of aviation administration requirements and procedures, such as contract solicitation, awarding, administration and fiscal accounting.	J		
Knowledge of aircraft and pilot certification standards.	J		
Skill in ensuring compliance with established Federal Aviation Regulations (FARs) and departmental and agency policies, procedures, and guidelines.	J		

Competencies	Expertise Level	Evaluator	How Obtained
Skill in ensuring management of aircraft utilized in area fire operations is conducted in a safe and efficient manner, following established standards.	J		

IV. Safety and Welfare

Description

This competency identifies the knowledge, skills and abilities required to oversee the environmental and workplace hazards of the wildland fire environment, and to provide leadership and direction to subordinates and units in the recognition and mitigation of these hazards using all applicable laws, policies and guidelines. Personal accountability and zero tolerance for unsafe acts are paramount.

Outline

A. Provide oversight related to safety laws, policies, and guidelines to include:

1. Occupational Safety and Health Act
2. Applicable state safety regulations
3. Department and agency policies and guidelines
4. NWCG guidelines

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of the laws, policies and guidelines pertaining to safety such as the Code of Federal Regulations, national and agency policies and guidelines, Standard Firefighting Orders, Watch Out Situations, and other fire-related safety guidelines, including Occupational Safety and Health Act and NWCG guidelines.	J		
Skill in developing area safety policies and guidelines.	J		

B. Conduct safety-related education programs focusing on:

1. Training
2. Certification

Competencies	Expertise Level	Evaluator	How Obtained
Skill in ensuring that safety management goals are achieved through education and certification processes.	J		

C. Prepare hazard, risk, and trend analyses for:

1. Wildland fire environment hazards including, but not limited to:
 - a. Fuels
 - b. Weather
 - c. Topography
2. Associated hazards including, but not limited to:
 - a. Aviation
 - b. Mechanized equipment
 - c. Hazardous materials

Competencies	Expertise Level	Evaluator	How Obtained
Skill in ensuring appropriate preparation of hazard, risk, and trend analyses.	J		
Skill in developing hazardous risk assessments and trend analyses.	J		

D. Follow up on identified hazards and risks with mitigation actions.

Competencies	Expertise Level	Evaluator	How Obtained
Skills in recognition and mitigation of a variety of hazards encountered within the wildland fire environment and other work environments; e.g., aviation, mechanized equipment, and hazardous materials.	J		

E. Ensure serious accident investigation policies and procedures are followed.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of technical aspects of accident investigations and reviews.	J		
Skill in coordinating serious accident investigations.	W		

COMMON COMPETENCY DESCRIPTORS FOR GEOGRAPHIC FIRE PROGRAM NAGER

I. Mission Comprehension

Description

This competency requires background and understanding of the agency enabling legislation and its ramifications, and additional responsibilities that have historically evolved.

Outline

A. Describe the agency's historical background and mission evolution.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of the agency's historical background and mission evolution.	J		
Knowledge of enabling legislation and other acts affecting agency's mission.	J		
Ability to describe the historical background of the agency.	J		
Ability to explain the purpose of the agency.	J		

B. Identify relevant agency mandates.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of existing mandates and resolutions.	J		

C. Define the purpose of limits within the agency.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of social, political and fiscal limits within the agency.	J		

II. Agency Orientation

Description

This competency requires a comprehension of the structure and organization of the agency’s organizational levels; an understanding of the structure and organization of the Departments of Agriculture or Interior and its place in the federal government; and the development of an insight into an individual employee’s role in the agency in particular, and in the federal government in general.

Outline

A. Describe the structure and organization of the Department of Agriculture or Interior.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of the basics of government structure and function.	J		
Knowledge of the structure and function of the Department of the Interior or the Department of Agriculture.	J		
Knowledge of applicable Code of Federal Regulations.	J		

Competencies	Expertise Level	Evaluator	How Obtained
Ability to describe the relationship of the agency to the Department of the Interior or the Department of Agriculture.	J		

B. Describe the structure and the organization of the agency.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of how goals and strategies provide structured guidance towards accomplishing an agency's mission.	J		
Knowledge of agency organizational structures.	J		
Ability to define how the agency relates on an interagency basis.	J		

III. Resource Stewardship

Description

This competency requires an understanding of the natural, cultural, and historical resources protected; the range in responsibilities in managing these resources in the context of fire management; the individual's role in resource stewardship; and the ability to work with partners outside the agency to promote resource stewardship.

Outline

A. Describe federal stewardship of natural resources.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of federal legislation regarding resource management such as National Environmental Policy Act, Clean Air Act, Wilderness Act, Threatened and Endangered Species Act and the Natural Historical Preservation Act.	E		
Knowledge of environmental, technical, social consequences of proposed decisions and actions.	E		
Knowledge of public perceptions of the risks and the benefits of resource alternative strategies.	E		
Knowledge of the role of scientific knowledge and advanced technologies.	E		
Ability to learn current natural resources policy initiatives.	E		

B. Identify resources protected by the agency and describe the responsibilities in managing these resources.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of natural, cultural, and historical resources managed by the agency.	E		
Knowledge of ecosystem management and the ecological response to the presence or absence of fire.	E		
Knowledge of the agency planning process and how it contributes to resource stewardship.	E		
Ability to articulate the agency stewardship function.	E		

C. Define the sustainable practices philosophy.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of agency multiple use acts.	E		
Knowledge of related fields such as forestry, range, wildlife, botany, soils and water (hereafter referred to as resources).	J		
Knowledge of how different resources contribute to sustainable practices.	W		
Ability to describe how different resources interact.	W		

Competencies	Expertise Level	Evaluator	How Obtained
Ability to define sustainability in the context of overall resource management.	J		

D. Define the employee's role in resource stewardship.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of agency's workforce resource priorities.	E		
Ability to explain the individual's role in supporting the agency's stewardship function.	J		
Ability to implement agency priorities within an individual's work assignments.	E		

E. Recognize the positive purposes of interagency partnerships.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of fire management partnership benefits.	E		
Knowledge of cooperating agency's missions, organizations, and operating procedures.	J		
Knowledge of why the agency needs and interacts with partners to fulfill its resource stewardship role.	E		

Competencies	Expertise Level	Evaluator	How Obtained
Ability to participate in interagency workshops and other project processes.	E		
Ability to recognize the value of interagency fire management cooperation to meet fire management program goals.	E		

IV. Fundamental Values

Description

This competency focuses on the employee's ability to exhibit positive attitudes and behaviors to accomplish an assigned job and to contribute to the overall health of the organization. These attitudes and behaviors include teamwork; ethical behavior towards people and the organization; support of cultural diversity, accessibility, and fairness issues in the workplace; and an attitude towards safe behavior for one's self and for others.

The safety competency identifies an understanding of the environmental and workplace hazards of the wildland fire environment. It focuses on the employee's ability to provide leadership and direction in recognition and the mitigation of these hazards, using all applicable laws, policies and guidelines. Utilizing this approach, a passion for safety will be instilled with zero tolerance for unsafe acts. All employees will be personally accountable for safety.

Outline

A. Supervise and develop employees.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of personnel hiring, pay, discipline, and termination procedures.	J		

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of methods and techniques of personal motivation, organization, supervision, and evaluation in order to emphasize accountability.	J		
Knowledge of the processes and sources of training.	J		
Skill in carrying out proper fiscal and accountable actions.	E		
Skill in practicing the commonly accepted individual values of performance, commitment, interdependence, authority, responsibility, accountability, choice, risk management, and excellence.	J		
Skill in applying the accepted principles of delegation.	J		
Ability to conduct oneself in an ethical manner.	J		
Ability to apply sound personnel management skills to include supervision, coaching, training, motivation, and evaluation.	J		
Ability to transmit high performance expectations and to follow up on personnel accomplishments.	E		

Competencies	Expertise Level	Evaluator	How Obtained
Ability to impart self-confidence and empowerment.	E		
Ability to initiate recommendations for change.	E		
Ability to assess personal attitudes towards others and one's employer.	J		
Ability to develop new insights into situations in order to improve the situation, increase efficiencies, or to mitigate safety problems.	E		
Ability to create effective standards and operating procedures for personnel safety.	E		

B. Implement safe workplace practices.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of agency laws, policies, and guidelines such as NWCG's Standard Firefighting Orders and Watch Out Situations.	E		
Knowledge of wildland fire hazards.	E		
Knowledge of wildland fire safety practices and procedures.	E		
Knowledge of standard first aid procedures.	W		

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of hazard and risk analysis requirements for such areas as human factors, fuels, weather, topography, aviation, mechanized equipment, and hazardous materials.	E		
Skill in using educational and certification processes to impart a passion for safety.	J		
Skill in applying basic first aid procedures	W		
Skill in using safety related education programs with the focus on training and performance certification.	J		
Ability to recognize and correct unsafe practices and conditions.	J		

C. Identify workplace accessibility issues.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of Americans with Disabilities Act requirements.	J		
Ability to make reasonable accommodation for disabled persons.	J		

D. Describe the guiding principles of time management.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge as to how time management affects one's personal well being and stress level.	W		
Knowledge of the impact of internal and external influences on available time and time choices.	W		
Ability to understand how individual factors of values, priorities, and goals affect time choices.	W		
Ability to define the difference between internal and external prime time.	W		
Ability to develop an effective time management strategy.	J		
Ability to monitor time spent and make adjustments as needed.	J		

E. Describe the agency's management culture.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of the agency's values and philosophy.	E		
Knowledge of external influences on the agency's mission, budget, and operational procedures.	E		

Competencies	Expertise Level	Evaluator	How Obtained
Ability to define those elements of the management culture that have an effect on meeting one's job performance requirements.	E		

F. Implement cultural diversity, equal opportunity and civil rights policies.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of appropriate act requirements to include the Equal Opportunity Act, Civil Rights Act, Age Discrimination in Employment Act, Rehabilitation Act, 29 CFR 1604.11(a) Sexual Harassment.	J		
Skill in carrying out supervisory and leadership responsibilities relevant to the workplace acts.	J		

V. Leadership

Description

This competency requires a comprehension of the basics of leadership.

Outline

A. Demonstrate appropriate leadership skills to meet agency goals and safe operating procedures.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of acceptable leadership characteristics.	E		
Knowledge of delegation as a leadership and team building tool.	E		
Knowledge of management styles most appropriate to deal with internal and external controls.	E		
Knowledge of the steps of effective conflict resolution.	E		
Ability to function as an effective team member.	E		
Ability to recognize changing conditions, develop alternative strategies, and take appropriate action.	E		
Ability to be decisive in leadership roles.	E		
Ability to define one's leadership style.	J		
Ability to adjust one's leadership style to meet the agency mission.	E		
Ability to describe how the development levels of followers affect one's leadership style.	J		

Competencies	Expertise Level	Evaluator	How Obtained
Ability to understand and apply the basic styles of conflict resolution such as avoiding, accommodating, compromising, competing, and collaborating.	E		

VI. Problem Solving Skills

Description

This competency deals with the ability to analyze, build consensus, make decisions, and practice innovation in various aspects of the job.

Outline

A. Analyze a situation, determine alternative solutions, and recommend a course of action.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of assessment skills.	E		
Knowledge of how a situation deviates from the norm or a standard.	E		
Knowledge of factors contributing to a problem.	E		
Skill in distinguishing between relevant and irrelevant information and making logical judgments	E		
Skill in collecting, grouping contributing factors.	J		

Competencies	Expertise Level	Evaluator	How Obtained
Ability to use sound reasoning to arrive at a conclusion.	E		
Ability to narrow the problem area.	J		

B. Make sound and well-informed decisions.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of organizational goals and objectives.	E		
Knowledge of organizational policies and guidelines.	E		
Skill in identifying the impact and implications of decisions.	E		
Ability to quantify costs of decisions.	E		
Ability to describe the rationale for a decision.	J		

C. Identify and mitigate stressful influences.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of stress indicators.	J		
Skill in recognizing the impacts of stress on the functions of supervision and leadership.	J		
Skill in mitigating stressful situations.	E		

Competencies	Expertise Level	Evaluator	How Obtained
Ability to minimize negative personal impacts.	J		

D. Utilize facilitation skills to resolve problems and promote consensus.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of group processes.	E		
Knowledge of the five basic styles of conflict resolution.	W		
Skill in building group consensus to meet objectives through give and take.	E		
Ability to foster commitment.	E		
Ability to negotiate to find mutually acceptable solutions.	E		
Ability to encourage and receive cooperation.	E		
Ability to gain cooperation from others to obtain information and accomplish goals.	E		

VII. Communication Skills

Description

This competency relates to the ability to communicate effectively with the public and employees in writing and speech; to work as an effective team member; to use interpersonal skills to become an effective employee; and to exhibit basic computer capabilities.

Outline

A. Communicate effectively.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of effective listening, speaking, and writing skills.	E		
Knowledge of the characteristics of effective written communications.	J		
Knowledge of communication methods used by the supervisor.	J		
Knowledge of how a team communicates to accomplish a common goal.	J		
Knowledge of basic computer keyboard requirements.	J		
Knowledge of computer data entry and retrieval.	J		
Skill in writing basic letters and reports and filling out basic forms for routine agency operations.	J		
Ability to identify the types of non-verbal communication methods.	W		
Ability to express facts and ideas in writing in a succinct and organized manner.	E		
Ability to define the speaker, listener, and observer tasks in communications.	J		
Ability to facilitate an open exchange of information.	E		

Competencies	Expertise Level	Evaluator	How Obtained
Ability to identify the conditions necessary for accurate and effective communications.	J		
Ability to consider and respond appropriately to the needs, feelings, and capabilities of others, and adjust communication approaches to suit different people and situations.	J		
Ability to perform computer technological skills such as word processing, electronic mail, and Internet processes.	J		
Ability to explain agency programs and procedures in understandable terms to individuals and groups.	E		

VIII. Personal Development and Planning

Description

This competency considers an individual being able to work with subordinates or a supervisor. It considers an agency's plan for charting a course of action for developing an individual.

Outline

A. Meet agency physical and mental fitness requirements.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of National Wildfire Coordinating Group and agency requirements.	E		
Ability to utilize a physical training program to enhance physical and mental fitness.	J		
Ability to perform duties under stressful and adverse operating conditions, such as long work hours, heavy workloads, emergency situations, adverse working and environmental conditions.	J		
Ability to recognize fitness potential in subordinates and provide opportunities to achieve this potential.	W		

B. Set individual career goals and implement self-directed course of action.

Competencies	Expertise Level	Evaluator	How Obtained
Knowledge of career development strategies.	J		
Knowledge of self-direction capabilities.	J
